Letter of Introduction

Letter of Introduction

Thank you for allowing Dove Net to have the opportunity to provide consulting services and propose a Audio Visual System for your company.

Dove Net specializes in design services of audio visual system, security system, and access control systems.

Dove Net is well know throughout the industry and we have performed services for both large and small companies.

Reference are available upon request.

In this proposal, we are providing 3 systems: Audio Visual, Security and Access Control System.

AV System

JBL-4206

1 Studio Monitor

177.33

177.33

The Studio Monitor is a 2-way near-field monitor with a magnetically shielded 6.5" woofer and titanium dome tweeter. This is a NON-POWERED speaker so you'll need to have a studio monitor power amp to run them. The monitor can handle 75 watts RMS (300 Watts Peak). The Alesis RA-300 or equivalent power amp should work just fine but a larger power amp would give you more headroom.

Scope of Work

Scope of Work

This is the description of the work that will be performed.

We will be installing an AV system as per your specifications. The system will have the following capabilities include Remote Control, Video Projector, and Lighting Control System.

For the Sound System, the system will have 4 speakers, an amp and mixed.

The access control system will be controlling 4 doors, 2 windows and a garage door. The system will also have a wireless monitor system back to the central station.

Schedule

Schedule

We are planning the following schedule.

Installation of the AV system between January and March.

Installation for the Sound System will between March and June.

Installation for the Access Control System will begin between June and July.

System commissioning will take place on August 1

Maintenance Contract

Maintenance Contract

Maintenance will be covered by factory warranty for 1 year.

Labor will be covered for 90 days from the date of sign off.

1 DOVENET-MARKUPCOST Maintenance Contract after 1 year	1,640.87

Studio Monitor

JBL-4206

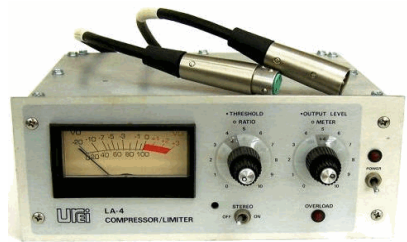

The Studio Monitor is a 2-way near-field monitor with a magnetically shielded 6.5" woofer and titanium dome tweeter. This is a NON-POWERED speaker so you'll need to have a studio monitor power amp to run them. The monitor can handle 75 watts RMS (300 Watts Peak). The Alesis RA-300 or equivalent power amp should work just fine but a larger power amp would give you more headroom.

Dual Peak Limiter

JBL-1178

The JBL Duet multimedia speaker system provides smooth and good sound for any portable music player or computer. Duet uses patent pending Tangential Strain Relief (TSR) technology and TSR provides the extra bass and lower distortion. The neodymium magnet creates more power and sensitivity. Duet also uses a proprietary port design which improves the bass performance. It also provides superior midrange- and high-frequency reproduction.

Phono Preamp Module

JBL-1622

Terms and Conditions

DOVE NET SECURITY SYSTEMS, INC.

1. **PRINTED AGREEMENT** - None of the **PRINTED AGREEMENT** or its terms and conditions may be altered without the express written approval of an officer of the company.
2. **SELLER** agrees to install specified system on premises and to make any necessary inspections and tests to deliver system to purchaser in operating condition in accordance with standard installation procedures of seller. The installation will be completed within a reasonable length of time based on the conditions inherent in the premises and seller's installation schedule.
3. **FULL ONE YEAR WARRANTY** - Dove Net Security Systems, Inc. promises to furnish a replacement part for any portion of your security system that proves to be defective in workmanship or material under normal use for a period of one year from the date of installation. We reserve the right to use reconditioned parts in fulfillment of this warranty.

Dove Net Security Systems, Inc., extends to purchasers warranties for equipment not made by us granted us by manufacturers of such equipment used in our home systems. We will return this to the original manufacturer for fulfillment of their warranty obligations.

We will furnish the labor to remove and replace the defective part during the same one -year period.

Dove Net Security Systems, Inc. makes no other warranty except as herein specifically set forth, particularly any warranty of merchantability or fitness for any particular purpose, either express or implied in law.

GENERAL: Furnishing of parts and labor as described above shall constitute fulfillment of all Dove Net Security Systems, Inc. obligations with respect to this warranty, and replacement parts will be warranted only for the unexpired portion of the original warranty.

A bill of sale, cancelled check, or payment record should be kept to verify purchase date and establish warranty period.

To obtain service, call the office listed on the Purchase Agreement you signed at the time of purchase of your system.

Dove Net Security Systems, Inc.

Ready access to the system for service is the responsibility of the purchaser. We will perform service during normal working hours. For emergency service, we will charge you an emergency service labor premium.

We will endeavor to perform service within 48 hours after notification of a problem by the purchaser.

EXCLUSIONS - This warranty applies only to units sold and retained within the continental USA. This warranty does not apply to the product or parts that have been damaged by accident, abuse, lack of proper maintenance, unauthorized alterations, misapplication, fire, flood or acts of God.

This warranty does not cover service calls which do not involve defective workmanship or materials.

IN NO WAY WILL DOVE NET SECURITY SYSTEMS, INC. BE RESPONSIBLE FOR CONSEQUENTIAL DAMAGES

4. **SELLER NOT AN INSURER** — It is understood and agreed: That Company is not an insurer; that insurance, if any, shall be obtained by Subscriber; that the payments provided for herein are based solely on the value of the service as set forth herein and are unrelated to the value of the Subscriber's property or premises; THAT COMPANY MAKES NO GUARANTEE OR WARRANTY INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS THAT THE EQUIPMENT OR SERVICES SUPPLIED WILL AVERT OR PREVENT OCCURRENCES OR THE CONSEQUENCES THEREFROM WHICH THE SYSTEM OR SERVICE IS DESIGNED TO DETECT OR AVERT. Subscriber acknowledges that it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from a failure to perform any of the obligations herein, or the failure of the system to properly operate with resulting loss to Subscriber because of, among other things:

- (a) The uncertain amount of value of Subscriber's property or others kept on premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service is designed to detect or avert.
- (b) The uncertainty of the response time of any police or fire department, should the police or fire department be dispatched as a result of a signal being received or an audible device sounding:
- (c) The inability to ascertain what portion, if any, of any loss would be proximately caused by Company's failure to perform or by failure of its equipment to operate:

I/We understand the Terms and Conditions of Dove Net Security Systems, Inc. Contract/Work Order: Signature
